starEvents *life's milestone moments*

Bringing together
the joy of memories
& the magic of film

Welcome to **starEvents** – a bespoke video editing service that brings the magic of film and family memories to your special occasion.

A 50th wedding anniversary, 21st birthday celebration, bar mitzvah – these are all stellar moments in a person's life. And we can work with you to create a tailor-made, unforgettable film to screen at your next milestone event. **starEvents** recently edited a film for a 70th birthday party where the 'birthday boy's' entire family took part in a series of wonderful, spontaneous on-camera interviews with a camera. These were edited alongside photos and old video footage and the results evoked memories and tears long after the cake was cut.

A stunning way to record your family history, **starEvents** films are professionally captured on broadcast-quality cameras and edited with titles & music to complement the star of the day. (We can also capture the day itself and add the edited footage to your film at a later stage.)

With pricing packages to suit every budget and occasion, **starEvents** films make incredible family keepsakes. For more details on how **starEvents** can turn your next milestone moment into the stuff of family legend, email Phyllis at StarScribe Productions today.

starEvents films are all about reliving old memories and creating new ones. Here's what some of our clients had to say about their time in the spotlight:

"Getting all of our family stories on film was the perfect present for Dad on his 70th. We've watched it many times since. It's like a family archive – it won't date." **Lloyd, Melbourne.**

"The StarScribe team made us feel so comfortable on camera – and the results were just fantastic, thank you!" **Chris, Sydney.**
